If traveling with a significant other – your expenses must be separate from theirs.

Any reimbursement request must be documented with an itemized receipt. The food and beverage limitation value is a guide to prevent a person from overspending on what has been budgeted. The food and beverage limitation does not mean an individual will receive \$60 per day in cash nor does it mean that a person is entitled to receive in cash the difference of \$60 minus what they spent.

Kay made a motion to accept decisions and adjourn. Scott 2nd it & Cheryl in agreement.
